Community Rail

Community rail is a growing grassroots movement made up of community rail partnerships and groups across Britain. They engage communities and help people get the most from their railways, promoting social inclusion and sustainable travel, working alongside train operators to bring about improvements, and bringing stations back to life.

Community rail promotes understanding, confidence and positivity around rail and removes barriers to travel, and most community rail partnerships have achieved success in helping to attract passengers.

Community rail has an important role to play in engaging the community in planned improvements.

One of the key purposes of community rail remains its role in providing a voice for the community, communicating local people's views and needs to the rail industry.

We will help bring communities together and support diversity and inclusion. We want to encourage individuals, communities, voluntary organisations and businesses to take responsibility for the issues that matter to them and their communities and we at TransWilts CIC will provide support to enable them to do this.

Rover Tickets

The Great West Way is a 125-mile touring route between London, Bath and Bristol, based on ancient routes, roaming through idyllic countryside, quaint villages and elegant towns.

Get around the Great West Way on the rail and bus network using the Great West Way Discoverer pass. There are Great West Way - Global, Great West Way - East and Great West Way - West versions available.

The Great West Way Discoverer West Rover ticket allows you to travel on the following rail routes: Bristol to Swindon; Bristol to Salisbury via Westbury; Bristol to Pewsey via Bath, Trowbridge and Westbury.

Unlimited off-peak travel for either 1 day or 7 consecutive days centred around the western part of the Great West Way. Bus travel in most areas is also included.
